Dr. June Leng

Senior Water Treatment
Disinfection Lead – HDR inc.

Come learn about the exciting world of disinfection for water and wastewater treatment!

Dr. June Leng is a national expert on disinfection systems and will be providing an introduction to the topic. In this webinar, we will:

- Dive into the challenges and complexities of disinfection.
- Learn about implementing effective disinfection strategies.
- Discover disinfection technologies and their real-world applications through case studies.

All attendees will be entered to win a drawing for a \$25 Amazon gift card at the end!
